Product specifications

Hose compatibility

6-wire spiral
EN 856 R13 / SAE 100 R13, R15
Hose size: 1"-2"

Sleeve & assembly

Interlock crimp sleeve
External and internal skiving
For Interlock hose inserts
Customer must verify hose, insert and sleeve compatibility

General product information

Material: AISI 316L
EN 1.4404 / UNS S31603
HS code: 73079900
Country of origin: Norway

Technical info

Hose, insert and sleeve compatibility must be verified for the selected hose type and size. Use validated external and internal skiving, insertion depth and crimping specifications. Dimensions B and C are before crimping. Assembly working pressure must not exceed the lowest component pressure rating, adjusted for temperature and service conditions.
